

**INDUSTRY:** Manufacturing and Telecommunication

**RELATIONSHIP:** May 2023 - Present

**INITIAL SCOPE:**

- Inventory Optimization
- Inventory Model Development & Launch

**RESULTS:**

- Inventory Model created for the Distribution business
- Purchasing and Operations teams collaborated with and trained on the usage and output of the model
- Optimum inventory levels obtained and verified
- Translated the model to the Wire Harness division to align the Company approach to Inventory Management
- Led the Wire Harness team to resolve an Inventory discrepancy before year-end close.
